

Accessibility Statement for nextnano Software

The company nextnano GmbH is producing scientific software for a very specific audience. Due to its small company size, targeting a full accessibility especially retroactively is impossible. However, we aim to consider accessibility in any new software developments.

Conformance status

The Web Content Accessibility Guidelines (WCAG) define requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. The nextnano software is partially conformant with WCAG 2.1 Level A. Partially conformant means that some parts of the content do not fully conform to the accessibility standard. On some functionality conformance up to Level AA is achieved.

Feedback

We welcome your feedback on the accessibility of the nextnano software. Please let us know if you encounter accessibility barriers:

- Phone: +49-8121-7603205
- E-mail: support@nextnano.com

Compatibility with assistive technology

Tested and recommended on Windows 10. Partially compatible with screen reader software NVDA. Fully compatible with Windows built-in Screen Magnifier up to 400%, App Zoom up to 175% and color inversion. Not compatible with dark high contrast themes.

Postal address

nextnano GmbH
Südmährenstr. 21

and PayPal. Additional fees apply.

Limitations and alternatives

Cognitive and Learning Disabilities

- Not suited due to scientific purpose of software and challenging cognitive performance for meaningful usage.

Hearing impairment

- No limitations. Software does not include sound or audio.

Low vision

Graphical user interface (GUI) nextnanomat

- Font style and size of Editor tab adjustable.
- GUI compatible with screen magnifier at least up to 400%.
- Colormap choices for most common types of color blindness – Protanopia, Deutanopia and Tritanopia.
- Screen reader compatibility, only partially given.

Alternative 1: Without using GUI

- Possibility to execute the scientific program by command line only (screen reader compatibility)
- Common output format ⇒ Visualization by any preferred visualization software possible.

Alternative 2: nextnano GmbH also accepts simulation requests (charged) ⇒ Employees can simulate requested structures for you.

Assessment approach

The company nextnano GmbH assessed the accessibility of the nextnano software by self-evaluation.
